UQ Startup Adventures are available to students currently enrolled in coursework at The University of Queensland (i.e. undergraduate, honours, graduate certificate, graduate diploma, masters levels of study or students enrolled in research higher degree (RHD) programs), and who remain enrolled for the duration of their activity. Full-degree international students are welcome to apply. Students must have completed at least one semester of study (i.e. at least six units of credit) at UQ before applying for a grant.

Applicants must:
- have previously participated in Idea Hub Unlimited, LeadHers, UQ Weekend of Startups, ilab or Startup Academy
- be fully available for the entire program
- have a minimum cumulative GPA of 4.0
- be enrolled to UQ in 2019 and have at least one semester remaining of their degree

Grants are not available to:
- international students returning to their home country
- UQ staff members employed on a full-time basis
- Students who have already completed a UQ Startup Adventure

CHOOSE FUNDING TYPE TO APPLY FOR

Type 1: New Colombo Plan grant

Singapore 15 places available
Shanghai 23 places available

Additional eligibility;
- be enrolled at UQ as a Bachelor or Bachelor Honours student
- be an Australian citizen
- not hold citizenship or residency with Startup Adventure destination
- not have received a short-term NCP mobility grant previously
- get credit in your UQ degree or count towards the course requirements

Current options available for credit towards degree (please note that your Faculty may have other options, so we encourage you to seek further advice from Academic Advisors);
- EAIT - Engineering students with professional practice hours left to complete in their degree will fulfil NCP’s credit requirement by counting the internship towards this requirement. Further details on Engineering professional practice details here.
- BEL - Students in the Faculty of Business, Economics and Law (BEL) with an available elective course can enrol in RBUS3999. Full details on the course can be found here.
- Science - For students in the Faculty of Science, Students who have completed at least 24 units and have an elective available can enrol to SCIE3050. Full details on the course can be found here.
- All faculties – RBUS3903 is open to students from all faculties with a free elective. Further details here.

Type 2: UQ scholarship

Singapore 5 places available
Shanghai 7 places available

Please note that there are limited scholarship places available – approximately 7 places available for Shanghai and 5 for Singapore.

Eligibility;
See criteria in ‘Who is eligible’ section of this document.

OBLIGATIONS

- Students are expected to participate in the full four weeks of the program and to attend all additional networking and development activities.
- Some students may be in a position to volunteer and provide programming or technical assistance, however, most students will shadow the founder of the startup they are matched with.
- Students will be bound to confidentiality and will be clearly informed of their legal and performance obligations.
- Students are expected to share their UQ Startup Adventure through daily photos, weekly vlogs and/or blog posts. This will be clearly outlined prior to departure.
- If a successful applicant withdraws from the Startup Adventure after 6 May 2019, the successful applicant will be required to reimburse UQ for:
  (i) all cancellation fees associated with flights and accommodation; and
(ii) any funds that may have been received prior to cancellation within 30 days of withdrawing.

HOW TO APPLY
The UQ Startup Adventures have a merit-based, competitive application process. Applicants must complete and submit the current electronic application form located in StudentHub.

HOW APPLICATIONS ARE ASSESSED
The UQ Startup Adventure participants are determined by a Selection Panel consisting of representatives from the UQ Student Employability Centre and UQ Faculties taking into consideration the following at the time of application:

- the relevance of the activity to a students’ entrepreneurship endeavour and how it will aid professional development toward an entrepreneurship journey;
- the strength of each application and the responses to the application selection criteria;
- academic merit (cumulative GPA on the students UQ studies report).

In addition to the assessment of the level of academic merit, applicants will also be assessed against their responses to the following questions:

- How have you been involved in the UQ and greater Brisbane startup ecosystem?
- Why are you interested in entrepreneurship in the startup destination you have applied for?
- What advantages do you believe a placement at a startup in the startup destination you have applied for will provide you?
- What skills, experience or cultural attitude will you offer your hosting startup?

WHAT HAPPENS NEXT?
- After the closing date, all applications will be checked to ensure their eligibility. If your application does not meet the criteria, you will be informed via email. Please note that meeting the eligibility criteria does not necessarily result in an acceptance being awarded.
- The UQ Startup Adventure Selection Committee will convene to assess all applications and acceptance will be awarded accordingly.
- All successful and unsuccessful students will be notified by email within four weeks of the closing date.
- Successful applicants will be required to submit their bank details and travel details into StudentHub and will be paid within six weeks of the closing date.
- Successful applicants will fill out a questionnaire on the type of startup you would ideally like to be matched with along with your skills and CV. Your profile will then be sent around to our partnering startups who will contact you when there is a match.

TIPS
For application and interview preparation, you can book in a consultation with your UQ employability team:
- BELSET www.bel.uq.edu.au/set
- EAIT www.eait.uq.edu.au/employability
- SEC www.employability.uq.edu.au

FAQS
Q. How will I be matched with a startup?
A. If you are selected you will fill out a questionnaire on the type of startup you would ideally like to be matched with along with your skills and CV. Your profile will then be sent around to our partnering startups who will contact you when there is a match.

Q. What kind of roles can I expect to be doing?
A. You could be doing anything from being a marketing lead or drone technician to being part of the R&D team or a system analyst. Due to the nature of startups, we work with different startups each year. We do our best to match your skills-sets and interests with the roles available.

Q. Will I have free time?
A. YES! There are plenty of free time during the weekends. During the week you will be required to attend startup events held daily at different locations and run by the local startup community.

Q. Do I need to organise flights and accommodation?
A. No, the UQ Idea Hub team will organise your flights and accommodation.

Q. What does the scholarship cover?
A. The scholarship funding covers flights, accommodation, some stipend money, travel insurance, business cards for networking, the placement at the startups and participation to various events to socialise with the local community.

Q. What if I withdraw from the Startup Adventure?
A. If you withdraw from the Startup Adventure after 6 May 2019 you will be required to reimburse UQ for all cancellation fees associated with flights and accommodation, and the stipend payment within 30 days of withdrawing.
